SELECTMEN'S ANNUAL REPORT TO THE TOWN

I am pleased to report to you that your Town is in good shape. Our Police, Fire, and Highway Departments are well manned and properly equipped.

Financially we were confronted last year by an additional demand from Winnicunnet High School for \$137,690. This threw an additional strain on our budget and necessitated additional borrowing.

However, I would point out to you that with this year's payment of \$10,000.00 (on the Library) our long term indebtedness will have been reduced to some \$4,000.00.

The Bureau of the Census has reported to us that our 1980 population was 3414. This compares with a reported population of 3259 in 1970 - an increase of 155 in 10 years, or 4.8%. We know our citizens will read with interest the report printed elsewhere in this book regarding our action in updating the Master Plan. This is an important step for our Town and one which is necessary if we are to sensibly monitor the growth of the Town.

Once again we thank the many citizens, paid and unpaid, who have contributed so much to the management of this Town. They make it the Town you want.

The Board of Selectmen
Town of North Hampton

North Hampton, New Hampshire 03862

We have examined the combined financial statements of the Town of North Hampton, New Hampshire, as of and for the year ended December 31, 1980. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described more fully in Note 1, the combined financial statements referred to above, do not include property, plant, or equipment asset balances and corresponding depreciation accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that the omission of the accounts described above results in an incomplete presentation, as explained in the preceding paragraph, the combined financial statements referred to above present fairly the financial position of the Town of North Hampton, New Hampshire, at December 31, 1980, and the results of its operations and the changes in financial position of its proprietary fund types for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Note 1.) Summary of Significant Accounting Policies:

The accounting policies of the Town of North Hampton conforms to generally accepted accounting principles for local governmental units except as indicated hereinafter. The following is a summary of significant accounting policies.

Basis of Accounting

The accrual basis is used for all fiduciary (and proprietary) funds. Governmental funds utilize the modified accrual basis whereby revenues are recorded when measurable and available. Expenditures are recorded when the liability is incurred (accrual basis) except:

- a. Prepaid expenses are not normally recorded.
- b. Interest on long term debt which is recorded as an expenditure when due.

Property, Plant, and Equipment

Property, plant, and equipment acquired or constructed for general government services are recorded as expenditures in the fund making the expenditure. Funds used to require general fixed assets and/or debt service payments on borrowing in connection therewith are accounted for as expenditures in the year payments are made. This is contrary to generally accepted accounting principles which require that general fixed assets be capitalized and accounted for in a separate fixed asset group of accounts.

Types and Purpose of Funds

- A. General funds are intended to provide recurring general services. They are controlled by a budget approved by the voters.
- B. Special Revenue Funds - used to account for specific restricted revenues and expenditures for various purposes. Receipts and expenditures of each fund are governed by the terms of contractual agreements, statutes or local law.
- C. Other Governmental Unit Funds - The town collects taxes for the Winnicunnet School District, Rockingham County, and the Little Boars Head Precinct as required by law. These taxes are accounted for as agency funds. In addition, the Trustee of the Trust Funds is the fiduciary of monies contributed by the Little Boars Head District in the amount of \$2,818.58.
- D. Capital Reserve Funds - Used to account for financial resources to be used for the acquisition or construction of major capital facilities.

TOWN OF NORTH HAMPTON
Notes to Financial Statements (continued)
Year Ended December 31, 1980
(audited)

Note 2.) Long Term Indebtedness and Town Borrowings

Long term indebtedness consists of an unusual loan payable to Indian Head Bank of Exeter in the amount of \$24,000 at 4.75%. The original issue date was April 24, 1973. Remaining principal payments are:

Amount	Date Due
\$10,000	April 24, 1981
4,000	April 24, 1982

The town, on a short term basis, borrowed \$900,000 in anticipation of taxes furing 1978. The amount was fully paid prior to year end.

Note 3.) Fund Balances Reserved for Endowments

The Trustee of the Trust Funds is the fiduciary of certain non-expendable, limited purpose, trust funds as restricted by the terms of the grantors. Only the income earned may be expended. The trustees non-expendable trusts are listed as fiduciary trust funds. The amounts of trusts and purpose are:

Cemetary Endowments	\$65,698.91
Library Endowments	1,000.00
School Endowments	5,000.00
Poor Endowments	1,015.18
Children Endowments	868.00
	<u>\$73,582.09</u>

Income available from the above funds as of December 31, 1980, was \$4,251.17.

Note 4.) Restricted Capital Funds

AUDITOR'S LETTER OF TRANSMITTAL

Board of Selectmen
Town of North Hampton
North Hampton, New Hampshire 03862

We have examined the financial statements of the Town of North Hampton, New Hampshire, for the fiscal year ended December 31, 1980, in accordance with State of New Hampshire R.S.A. 71-A:19. Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Trustees, and Trustees of Trust Funds.

As a part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing, and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition and reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived, and also recognizes that the evaluation of the factors necessarily requires the use of estimates and judgments by management.

A. Revenue Sharing Funds

It is recommended that the revenue sharing funds be consolidated into savings and short term certificates under the control of the Treasurer. All receipts and withdrawals for revenue sharing purposes may then be posted through a central system of control. Disbursements through the general fund for revenue sharing purposes should not be allowed unless funds have been received from the special revenue sharing fund.

B. Payroll Records

At the present time there is not a central file for all personnel records of town employees. It is recommended that the personnel files be maintained under the control of the selectmen.

C. Investment Ledger

We recommend that the town maintain a permanent investment ledger containing all pertinent information regarding short term investments.

In closing, I compliment and thank the selectmen and staff of the Town of North Hampton for their excellent assistance during the course of my audit.

REPORT OF CEMETARY TRUSTEES

The Cemetery Trustees would like to take this opportunity, in behalf of the whole town, to thank Marion Mattoon for her voluntary and tireless efforts into the necessary research for a complete compilation of cemetery records for the Town of North Hampton. Much of this information had been lost over the years or was completely non-existent.

To acquire this knowledge and record it for future generations was a monumental task, accomplished through much personal sacrifice, entirely without any financial reward. All attempts at remuneration for time and transportation were steadfastly refused.

As long as there are Americans like Marion in North Hampton and other towns and cities across this great land, with their civic pride and unselfish devotion to community and country, our nation will prevail.

THE STATE OF NEW HAMPSHIRE

TOWN OF NORTH HAMPTON

TOWN WARRANT FOR 1981

L.S.

To the Inhabitants of the Town of North Hampton in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the School Building on Atlantic Avenue, in said North Hampton on Tuesday, the 10th day of March, 1981 at one o'clock in the afternoon, business meeting to begin at 7:30 p.m., polls to close at 7:30 p.m. and to reopen at the close of the business meeting, remaining open until all who wish to have voted; to act upon the following subjects:

ARTICLE I. To choose one Selectman for a term of three years, one Town Clerk, one Town Treasurer, one Collector of Taxes, and all necessary Town Officers for the ensuing years.

ARTICLE II. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

ARTICLE III. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money in anticipation of taxes.

ARTICLE IV. To see if the Town will vote to authorize and empower the Board of Selectmen or a majority of them to sell and convey the real property acquired by the Town by tax sale, any such sale to be at public auction to the highest bidder.

ARTICLE V. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the town meeting, money from the state, federal or other governmental unit or a private source which becomes available during the fiscal year pursuant to New Hampshire Revised Statutes Annotated Chapter 31: Section 95-b.

ARTICLE VI. To see if the Town will vote to accept the reports of Town Officers.

ARTICLE VII. To see if the Town will vote to adopt the following Town Ordinance:

Driveway Permits:

1. A *temporary* driveway permit shall be issued by the Highway Agent after a lot or subdivision has been approved by the Town which will enable the owner thereof to have access to his property for building or other purpose. There is no charge for such temporary permit.

2. A *final* driveway permit shall be issued by the Highway Agent after the road has been accepted as a Town road, the fee for which shall be five dollars. Lack of compliance with this section of the ordinance may subject the property owner to a fine of ten dollars a day.

3. A *reconstruction* driveway permit is required at any time when the driveway is reconstructed so as to alter its elevation or grade in any appreciable manner. This permit is not required for simple re-coating by a liquid. There is no fee for this permit, but lack of compliance may subject the owner to fine.

ARTICLE VIII. To see if the town will vote to adopt the following Town Ordinance:

Operation of the Stump Dump:

1. The said Stump Dump shall be closed to all dumping of any nature whatsoever during that part of the year commonly known as "snow months", specifically from November 15th of each year to April 15th of the following year.
2. During the remainder of the year the Stump Dump shall be closed to the general public during the five "week days", (i.e. Monday, Tuesday, Wednesday, Thursday and Friday) and shall be open to the general public on Saturdays and Sundays only.
3. Only stumps and like matter of a bio-degradable nature, excluding garbage and excluding toxic material may be deposited in the Stump Dump.
4. The penalty for violation of any of the provisions of this ordinance shall not be over \$25.00 per occurrence.

ARTICLE IX. To see if the Town will vote to adopt the following Town Ordinance:

Smoke Detectors:

Pursuant to a Vote of the Town at the Town Meeting held March 11, 1980 and the National Fire Protection Association's Life Safety Code 101, it is hereby required that all newly erected single and multiple family dwellings in this town shall have at least one suitably authorized smoke detector in every common hallway on each level of the dwelling that is used for living quarters.

The penalty for violation of this ordinance and conviction thereof shall not be more than \$25.00 for each offense.

ARTICLE X. To see if the Town will vote to adopt the following Town Ordinance:

No Town road shall have a trench dug across or under it without a permit. Such permit shall be issued by the Highway Agent with a copy to the Building Inspector upon payment of a Five Dollar Trenching Permit Fee.

The penalty for violation of this ordinance and conviction thereof shall not be more than \$25.00 per day.

ARTICLE XI. To see if the Town will vote to appropriate Ten thousand dollars (\$10,000.00) to be added to Capital Reserve Fund No. 9 and authorize the withdrawal of all or as much of the funds on deposit in Capital Reserve Fund No. 9 as may be necessary to defray the cost of a Reappraisal of the Town, said cost is estimated to be \$47,100.00, and to authorize the Selectmen to act as agents for the Town in connection with the purpose for which this fund was established in accordance with New Hampshire Revised Statutes Annotated Chapter 35: Section 15.

(Recommended By The Budget Committee)

ARTICLE XII. To see if the Town will vote to appropriate One thousand, six hundred dollars (\$1,600.00) for the purchase of chairs, desk, typewriter, micro-film viewer, file, and chair caddy for the offices of the Selectmen, Town Clerk, Tax Collector, Building Inspector and the Town Hall and to authorize the withdrawal of that amount from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

(Recommended By The Budget Committee)

ARTICLE XIII. To see if the Town will vote to appropriate Eight thousand, five hundred dollars (\$8,500.00) for the purchase of a new police cruiser and authorize the withdrawal of Four thousand dollars (\$4,000.00) for this purpose from the Revenue Sharing Fund, established under the provisions of the State and Local Assistance Act of 1972, with the balance to be withdrawn from Capital Reserve Fund No. 6 and to authorize the Selectmen to act as agents for the Town in connection with the purpose for which this fund was established in accordance with New Hampshire Revised Statutes Annotated Chapter 35: Section 15.

(Recommended By The Budget Committee)

ARTICLE XIV. To see if the Town will appropriate Seven thousand, eight hundred and fifty-five dollars (\$7,855.00) to defray the cost of the following items for use by the Fire Department and authorize the withdrawal of that amount from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972:

Air Packs and ladders	\$3,925.00
Nozzles	\$ 930.00
New Fire Alarm System	\$3,000.00
	<hr/>
	\$7,855.00

(Recommended By The Budget Committee)

ARTICLE XV. To see if the Town will vote to appropriate Fifteen thousand dollars (\$15,000.00) for the purchase of a truck for the Highway Department and authorize the withdrawal of Ten thousand dollars (\$10,000.00) for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, with the balance to be withdrawn from Capital Reserve Fund No. 10 and to authorize the Selectmen to act as agents for the Town in accordance with the purpose for which this fund

was established in accordance with New Hampshire Revised Statutes Annotated Chapter 35: Section 15.

(Recommended By The Budget Committee)

ARTICLE XVI. To see if the Town will appropriate One thousand dollars (\$1,000.00) to defray the cost of the construction of facilities for the handicapped in Town buildings and to authorize the withdrawal of that amount from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

(Recommended By The Budget Committee)

ARTICLE XVII. To see if the Town will vote to empower the Planning Board to review and approve or disapprove site plans for the development of tracts for non-residential uses, or for multi-family dwelling units other than one and two family dwellings, whether or not such development includes a sub-division or re-subdivision of the site as allowed by New Hampshire Revised Statutes Annotated Chapter 36: Section 19-a.

ARTICLE XVIII. To see if the Town will vote to raise and appropriate the sum of Three thousand five hundred two dollars (\$3,502.00) for the use of the Seacoast Regional Counseling Center, which counseling center provided 848 hours of service to certain residents of this Town at a cost to the Center of \$37,312.00.

(Recommended By The Budget Committee)

ARTICLE XIX. To see if the Town will raise and appropriate the sum of Two hundred dollars (\$200.00) for the Newmarket Regional Health Center to provide transportation for the elderly.

(Recommended By The Budget Committee)

ARTICLE XX. On petition of Lucille E. Ellingwood and twelve legal voters of the Town of North Hampton, to see if the Town will vote to authorize the Selectmen to include in the next annual Town Report, the annual salaries of all employees of North Hampton, both Town and School.

ARTICLE XXI. On petition of Henry C. Larrabee and ten legal voters of the Town of North Hampton, to see if the Town will vote to petition the Representatives and Senators who represent the Town in the General Court to support in the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in property taxes to five percent and to limit the annual increase in spending by the state or any city, town, or other governmental unit of the state to five percent.

ARTICLE XXII. On petition of Frank A. Hollick and nine legal voters of the Town of North Hampton, to see if the Town will vote to raise and appropriate the sum of \$465.00 to Greater Portsmouth Community Action Program, a subdivision of Rockingham County Community Action Program, Inc., a private, non-profit, anti-poverty agency. This figure represents 2.5% of \$18,601.00 in services rendered to North Hampton residents during the fiscal year 9/11/79 - 8/31/80.

(Not Recommended By The Budget Committee)

ARTICLE XXIII. On petition of Jane M. Palmer and twelve legal voters of the Town of North Hampton, to see if the Town will vote to raise and appropriate the sum of \$546.00 to assist Rockingham Child and Family Services, a private, non-profit organization. The amount of this request is based on services rendered to ten residents of the Town of North Hampton during the period July 1, 1979 through June 30th, 1980, inclusive. These residents used \$1,592.50 worth of services, however, only \$546.00 could be billed

according to their ability to pay. We therefore request the minimum amount needed from the Town, in this instance \$546.00. These funds to be used for current operating expenses to enable Rockingham Child and Family Services to continue providing individual family counseling for residents of the Town of North Hampton, whether or not said residents are able to pay.

(Recommended By The Budget Committee)

ARTICLE XXIV. To see if the Town will vote to require that the Selectmen, before disposing of real property, the title to which has been acquired by Tax Collector's Deed, first consult with the Conservation Commission, said Commission to recommend if the retention of such property would be in the best interests of the Town as provided in RSA 80:42a, subject to final ratification at the next annual or special town meeting.

ARTICLE XXV. Are you in favor of the adoption of Amendment Number 1 as proposed by the Planning Board for the Town Zoning Ordinance, as follows:

To see if the Town will vote to amend (1) ARTICLE III, DEFINITIONS, SECTION 302-18, Non-Conforming Use, to read as follows:

Section 302-18: Non-Conforming use is any use or arrangement of structures or land legally existing at the time of the enactment of this ordinance or any of its amendments, which does not conform to the provisions of this ordinance.

(On The Official Ballot)

ARTICLE XXVI. Are you in favor of the adoption of Amendment Number 2 as proposed by the Planning Board for the Town Zoning Ordinance, as follows:

To see if the Town will vote to amend ARTICLE III, DEFINITIONS, SECTION 302 by the addition of the following sub-section:

34. Temporary Structure: Any structure not on a permanent foundation nor permanently attached in any manner. Said structure to be used for a specified period of time.

(On The Official Ballot)

ARTICLE XXVII. Are you in favor of the adoption of Amendment Number 3 as proposed by the Planning Board for the Town Zoning Ordinance, as follows:

To see if the Town will vote to amend ARTICLE IV, DISTRICT REGULATIONS, SECTION 403, R-1 High Density District, to read as follows:

R-1 High Density District: The high density district is designated for land to be used for smaller single family dwellings with minimum yard space where central water and sewer facilities are available or where the installation of these facilities is feasible. After central water and sewerage facilities to include sewerage treatment disposal plants are installed, accepted by the town, and fully operational, multiple family dwellings may be permitted.

(On The Official Ballot)

ARTICLE XXVIII. Are you in favor of the adoption of Amendment Number 4 as proposed by the Planning Board for the Town Zoning Ordinance, as follows:

To see if the Town will vote to amend ARTICLE IV, DISTRICT REGULATIONS, SECTION 409.3B9, to read as follows:

9. Fill involving less than 1,000 cubic yards with the approval of the New Hampshire Dredge and Fill Special Board.

(On The Official Ballot)

ARTICLE XXIX. Are you in favor of the adoption of Amendment Number 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

To see if the Town will vote to amend ARTICLE IV, DISTRICT REGULATIONS, SECTION 410 by adding a new SUB-SECTION 410.1 as follows:

Section 410.1: A permit for new construction in any part of North Hampton will not be issued until the Building Inspector is provided with a septic system and leaching field site plan, approved by the State Water Supply and Pollution Control Commission, if required, and has met all local requirements.

(On The Official Ballot)

ARTICLE XXX. Are you in favor of the adoption of Amendment Number 6 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

To see if the Town will vote to amend ARTICLE IV, DISTRICT REGULATIONS, by the addition of SECTION 413 and 413.1, to read as follows:

Section 413 — Critical and Unique Area Regulations: The Planning Board shall adopt Regulations and Standards that will protect areas identified on the natural Resource Map having severe limitations to development or that are unique to the Town of North Hampton or the State of New Hampshire and shall administer such regulations under the "Subdivision Regulations".

Section 413.1 - Historical Sites: The purpose of this section is to preserve existing antiquities so that future generations may gain an appreciation and understanding of the Town's past. These antiquities are hereafter designated as Historical Sites. A Historical Site is an area, a location, or an object which has been registered and recorded as having historical significance. Examples of Historical Sites include, but are not limited to, buildings, cemeteries and monuments, etc. Due to the limited resources of the Town, property owners are encouraged to maintain, restore, protect and identify Historical Sites. Modifications to, destruction of, and alterations of Historical Sites are prohibited unless prior written authorization is granted by the Planning Board. Restoration as near as possible to the original condition shall be required to start within thirty days of notification by the Planning Board of any violation of this section.

The Planning Board shall be responsible, after public hearings, for the designation of and the registration of Historical Sites within the Town. A list shall be maintained by the Planning Board of all such designations. No Site shall be removed from the registration except by a majority vote of the Planning Board, or by action of the Selectmen of the Town.

(On The Official Ballot)

ARTICLE XXXI. Are you in favor of the adoption of Amendment Number 7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

To see if the Town will vote to amend ARTICLE V, GENERAL REGULATIONS, SECTION 505 by the addition of SECTION 505.6 to read as follows:

505.6: Permits issued for a temporary structure under the provisions of Section 505.5 may be renewed at the discretion of the Building Inspector. Prior to issuing the renewed permit, the Building Inspector will ensure that the physical provisions of Section 505.5 are complied with and recertify the safety of the structure before the public is admitted. He will collect a minimum fee of ten dollars or as required by the Planning Board.

(On The Official Ballot)

ARTICLE XXXII. Are you in favor of the adoption of Amendment Number 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

To see if the Town will vote to amend ARTICLE V, GENERAL REGULATIONS, SECTION 505 by the addition of SECTION 505.7 as follows:

Section 505.7: If a temporary structure becomes unsafe and the public safety is endangered, the Building Inspector shall immediately revoke the permit. The unsafe structure will then be removed from the site or the unsafe conditions eliminated and/or repaired. A new permit will then be issued but only after all provisions of Section 505.5 have been complied with.

(On The Official Ballot)

ARTICLE XXXIII. Are you in favor of the adoption of Amendment Number 9 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

To see if the Town will vote to amend ARTICLE VII, ADMINISTRATION, SECTION 701 by adding SECTION 701 (a) and SECTION 701 (b) as follows:

Section 701 (a): No person shall commence installation, additions to or alterations of mobile homes in any existing trailer park without obtaining a written permit for the same from the Building Inspector and paying a fee.

Section 701(b): The minimum fee summarized hereafter may be changed by vote of the Planning Board.

(On The Official Ballot)

ARTICLE XXXIV. Are you in favor of the adoption of Amendment Number 10 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

To see if the Town will vote to amend ARTICLE VII, ADMINISTRATION, SECTION 701, by the addition of SECTION 701.5, SECTION 701.6, and SECTION 701.7 to read as follows:

Section 701.5: Building Permits issued by the Building Inspector may be renewed for a period not to exceed one (1) year. Only two (2) renewals may be made to the original permit. If the work has not been commenced within this three (3) year period, a new permit shall be obtained and a fee collected as specified in the Section granting the permit. Permits issued under Section 701.4 are not renewable. A minimum fee of Five Dollars will be charged for each renewal permit.

Section 701.6: For any construction, installation, or alteration of any new or existing sign that requires a permit, the minimum permit fee shall be Three Dollars for each One Thousand Dollars or part thereof, based on a fair estimate for the total cost or value of such work.

Section 701.7: For the repair of any existing conventional waste disposal system, the minimum fee for a permit will be Twenty Dollars.

(On The Official Ballot)

ARTICLE XXXV. Are you in favor of the adoption of amendment Number 11 as proposed by the Planning Board for the Town Zoning Ordinance, as follows:

To see if the Town will vote to amend ARTICLE VII, ADMINISTRATION, by the addition of SECTIONS 707, 707.1, 707.2, 707.4 and 707.5, to read as follows:

Section 707: Certificate of Occupancy

Section 707.1: Occupancy and use of a building hereafter erected, structually altered or moved, or any change in the use of the existing building, shall be unlawful unless a certificate of occupancy shall have been issued by the Building Inspector.

Section 707.2: No certificate of occupancy shall be issued for any special exception use of a building unless such use has been authorized by the Board of Adjustment. Every certificate of occupancy for which a special exception use has been authorized, or in connection with which a variance has been granted by the Board of Adjustment, shall contain a detailed statement of such special exception use or variance and of any conditions to which the same is subject.

Section 707.3: Application for a certificate of occupancy for a new building or for an existing building which has been altered, shall be made on forms provided by the Building Inspector, after the erection or alteration of such building or part thereof has been completed in conformity with the

provisions of this ordinance or of any duly secured variance. Such certificate shall be issued within ten (10) days after receipt of said application, but only if all requirements of this and all other applicable ordinances or codes are complied with.

Section 707.4: Every certificate of occupancy shall state that the building or proposed use of a building complies with all provisions of law, and of this ordinance, of all other applicable codes or ordinances of the Town and, if applicable, with all provisions of any variance or requirements set forth for the special exception uses authorized by the Board of Adjustment.

Section 707.5: Upon written request by the owner, and upon payment of such fee as may be prescribed from time to time, the Building Inspector and Fire Inspector shall, after inspection, issue a Certificate of Occupancy for any building or use thereof, existing at the time of adoption of this ordinance, certifying the conformity of such use, (including, if applicable, the number of employees) and of any structures or any lot with the provisions of this ordinance.

(On The Official Ballot)

ARTICLE XXXVI. Are you in favor of the adoption of amendment Number 12 for the Town Zoning Ordinance, as follows:

REPORT OF THE COMPREHENSIVE MASTER PLAN STUDY

Following the vote of the 1980 Town Meeting, Hans Klunder and Associates were engaged to recommend changes in, and the updating of, the Town's Master Plan. This work has now been largely completed. Highlights of the report on this project follow:

1. Population and Economy - The latest Bureau of the Census figures (1980) show a population of North Hampton of 3414, up from the 1970 figure of 3259. This increase of 155 in 10 years, (4.8%) represents a slower rate of growth than that estimated in the 1967 Master Plan and contrasts with a rate of growth of 10.5% in Rye and 30% in Hampton. However, if continued, this growth could well reach 4,000 by the year 2000. The ever decreasing availability of suitable land for development within the Town places an additional burden on the Town's Zoning laws and necessitates careful control of the Town's growth.

North Hampton is still in large part dependent on employment opportunities outside the town, making it essentially a "suburban" type town. Because of employment opportunities nearby and lack of municipal sewage facilities it is recommended that North Hampton **not** pursue major industrial development, but maintain the amenities suitable for a residential community. North Hampton's economic base has grown faster than its population, and per family income has increased more rapidly than in some of the surrounding communities. (See Table end of article).

2. Land use and Environment - The recently completed Soils Conservation Study points out the vulnerability of the land to over-development, and it is important that the Master Plan update reflect limitations to such development. The Town must continue to adopt measures for the protection of critical areas (such as the Town's Wet Land Ordinances.) It is therefor

suggested that a new Land Use Plan be adopted which will lower the projected densities in the R-3 Zoning Area (this is largely west of I-95 and north of North Road, but does not include the I-B Section running along US-1) from the present minimum requirement of two acres to a new requirement of three acres. In addition, Lafayette Road, the primary traffic carrier as well as the "center" of the Industrial-Business area shows signs of haphazard development and presents a generally "tacky" appearance. More stringent site plan review procedures should be adopted and even should include certain retroactive procedures where safety and/or rampant expansion are of concern. Further, the most careful review should be given to any new or projected development.

3. Utilities - The Hampton Water Works Company serves the Town of North Hampton. Last year they supplied some 635 million gallons to North Hampton - of which 196 million gallons came from North Hampton wells in the first place - about 30%. They are taking steps to increase both their storage facilities and their available wells in the area. At present supply appears adequate, although some of the wells have not "come back" over the winter of 1980-81 the way they have in previous years. Should a second water line crossing of I-95 materialize (along Exeter Road) this would result in pressure for land development along Exeter and South Roads.

Presently the Town utilizes individual waste disposal facilities. It is not clear that adequate septic system inspection and regulation are being carried out. If not they should be. Any Master Plan Revision should retain a low density of population in order to avoid overcrowding which might necessitate a very costly public sewer system.

4. Streets and Highways - There are about 17 miles of State Roads in North Hampton and 17 miles of Town Roads. Since the late 1960's traffic has almost doubled on the highways. In 1979 (the last year for which figures are

available) traffic on US-1 on an average day was 11,382 cars. This was a 24% increase over 1970. And, incidentally, US-1 is carrying 43% as much traffic as I-95.

The Town has instituted and carried out substantial highway upgrading on the Town roads through their annual resurfacing program. The Town should perhaps consider the addition of certain "Scenic Roads" to their Zoning Plan.

5. Public Facilities - School enrollment appears to be stabilizing at approximately 409 students in the Elementary School. It has declined from 561 in 1971. The school building appears adequate for the foreseeable future. The Town Hall is an historic building which, however, is only used sporadically. It should be refurbished within 5 years and adapted to significant conservation of energy. It should be used more heavily. The various Boards and Commissions tend to meet in the Town Offices because that is a warmer and more comfortable location. The Police Station is inadequate for the size of the Force. It should be enlarged and combined in some manner with the Fire Station. In all probability the Town will come to local dispatch of emergency vehicles in the future and provisions for this should be contemplated. Access for the handicapped should be a part of all public buildings as there is increasing Federal pressure for this.

The original Master Plan recommended that the Town lend increasing funding to the Conservation Commission - a recommendation we find viable today. The Commission should be encouraged to acquire land while it is still available, both to save critical areas from development and perhaps for a Town forest.

6. Implementation - Under New Hampshire legislation a municipality has two basic powers to control land development - through zoning regulations and through subdivision regulations concurrent with site plan review. Recent legislation has added the control

offered by a Growth Management Program. North Hampton's Zoning Ordinances are basically effective. However, increased pressure will necessitate revisions. Many of these will come before North Hampton voters this year, with others to follow. The Consultant's recommendations in their entirety will be included in the final Consultant's Report which will be available shortly.

REPORT OF THE CABLE TV COMMITTEE

This Committee was established at the request of the 1980 Town Meeting. We have investigated several Cable TV companies, and in particular the two companies which are serving adjoining towns. It appears the rates charged by these companies are on the order of \$20.00 to \$25.00 for an installation followed by a monthly charge of \$7.50 to \$8.50. In addition there is another charge for such features as "HBO" (Home Box Office) and for additional sets. There was little interest expressed in serving the entire Town - only the more populated areas would be served.

Our conclusion is, therefore, that it would be unwise at this time to enter into negotiations with these companies. We feel that high cost plus the possibility of technological advances in the future, render a "wait and see" policy advisable.

REPORT OF THE LIBRARY TRUSTEES

1980 was a year of change and improvement at the North Hampton Public Library. Last winter the children's area was improved. A rearrangement of the bookshelves, and the addition of new seating and bright colors produced a much more inviting area.

Instrumental in this improvement was Lucinda Wigode, our assistant librarian until August. We were sorry to lose her to a full-time job at the Instructional Material Center in Hampton. In October Elaine Kurt was hired as the assistant librarian. She has organized an after-school group for children called the Unicorn Club. She has already become an asset to our library.

The Friends and their newly formed evening group conducted several successful fundraisers. With these funds they purchased kitchen cupboards, new desks for the workroom and additions to the reference collection.

Also adding to improvements at the library was the Bush and Bud Garden Club. They installed an outdoor bench near the front door.

We thank everyone for their contribution to the library and hope more of you will use its improved services.

REPORT OF THE NORTH HAMPTON FIRE DEPARTMENT

The North Hampton Fire Department responded to 196 calls of various causes for the year, which is 20 calls over 1979. These calls consisted of 73 reported structural fires, 47 mutual aid, 23 automobile accidents with personal injury, 24 miscellaneous, 14 grass and woods, 6 public assists, 9 automobile fires.

The Fire Department dispatched 196 fire calls and 183 ambulance calls for a total of 379. This is more than one emergency call a day coming into the station. During Fire Prevention week in October, with the cooperation of the Principal and teachers, activities were held at the North Hampton School. An open house was held at the Fire Station on Saturday of this week with a course on home use of fire extinguishers. The course was attended by 2 residents of our town.

Again this year I would like to thank everyone who has helped the Fire Department and to invite anyone interested to stop in the station and see the equipment the department has at any time.

We also thank the Ladies Auxiliary for their never ending support and outstanding job during the year.

REPORT OF FOREST FIRE WARDEN AND STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

REPORT OF THE NORTH HAMPTON POLICE DEPARTMENT

The year 1980 showed an increase in major crime for the town with 3 armed robberies, 1 kidnapping, and 2 rapes. Burglaries were up 15% and thefts 2.4%. Motor vehicle violations have increased from 390 to 525 arrests or a 30.7% increase. There were 36 DWI arrests which is a 34.7% increase over 1979. There were 155 motor vehicle accidents and one suicide.

The town is still growing and the department welcomes your ideas on any improvements you feel should be made. We thank you for your continued support.

REPORT OF THE NORTH HAMPTON AMBULANCE CORPS

The ambulance corps has been very busy this year. We have responded to 183 calls for help. This is up over 60 calls from last year.

Many townspeople do not realize that not only do we not cost the taxpayers money, we save them money. The corps is strickly volunteer. The only help we get from the town is for dispatching and parking the ambulance in the fire station. Maintenance is done by the fire department but all materials are paid for by the ambulance corps. The cost of the town to have an ambulance corps staffed 24 hours a day would be the salaries of 6 people at a minimum of \$11,000 each. This also would cost the people who need the ambulance, \$45.00 a call.

This year we had to increase the rate of membership to \$10.00 a year, to cover the cost of fuel and supplies. This includes the entire family. Maintaining the ambulance is done with only about 1/3 of all town families on our membership.

The corps has been very fortunate this year with people thinking of us at their time of loss and giving donations to us in lieu of flowers. Also we received a donation from the Fuller Foundation. This has enabled us to buy equipment to help us operate more efficiently and give better quality of care. This is also a way to upgrade our present equipment.

We do not have space to thank all who have helped this year, but we know, like our volunteers, that they feel good that they have been able to help when needed.

REPORT OF THE NORTH HAMPTON CONSERVATION COMMISSION

The major project for the year was an evaluation of North Hampton's natural, cultural and aesthetic resources. The study was conducted by the Conservation Commission in cooperation with the U.S. Forest Service, the Cooperative Extension Service, the UNH Forestry Department and students from the University of New Hampshire. The inventory and analysis of the resources of the town included: wildlife, hydrology, soils, land use, vegetation, transportation and visual quality. In addition, recommended sites for a town forest and neighborhood parks were indicated for future use of the Town's lands. The maps and statistics compiled in the Natural Resource Study provided valuable information for the new Master Plan being prepared for the Town by Mr. Hans Klunder. The Conservation Commission has worked closely with Mr. Klunder, recommending several changes to improve the zoning ordinances.

The Soil Survey prepared by the U.S. Soil Conservation Service was completed in the Spring and presented to the Town by the Conservation Commission. The detailed Soils Map and information will also be used in connection with the Master Plan and will be invaluable in community planning efforts.

The Commission hopes to have enough participation from townspeople to enable us to hold the Annual Clean-up Day in April. We welcome suggestions from residents and encourage their participation in our conservation efforts.

REPORT OF THE NORTH HAMPTON HIGHWAY SAFETY COMMISSION

The North Hampton Highway Safety Commission held regular meetings throughout 1980 with continuing studies on the following subjects:

We are still trying, in cooperation with the New Hampshire State Highway Department, to remedy the parking, exit, and "cut-across" situation at the North Hampton Shopping Center. We are also trying to widen the approach from the west of North Road where it enters US-1. This is a particularly dangerous area with inadequate view from North Road along the Lafayette Road to the north. And of course the situation with regard to the bikeway along Atlantic Ave. has received attention.

The Shopping Center parking situation has been alleviated to a certain extent by more visible marking on the roadway and by frequent inspections, (and ticketing), by the Police Department. The State has additional plans for this area which will undoubtedly help.

The State's position regarding the proposed bikeway has been that they feel there is substantial lack of support for such a bikeway among the townspeople, plus the fact that the intersection of Mill Road apparently presented considerable problems. If there were a substantial desire for such a bikeway we are sure the State would reconsider. But lacking that, the project appears currently not viable.

We will continue to work on these problems and will consider such new ones as are brought to our attention. We appreciate the support we receive from the townspeople and hope they will continue to mention matters pertaining to highway safety to our Commission.

REPORT OF THE BUILDING INSPECTOR

Building activity for the Town of North Hampton for the year 1980, and a comparison with the year 1979 and 1978 is included below. We all well know that the cost of building materials, land, and interest rates have risen considerably, but evidently North Hampton must be a fairly nice town in which to reside. I believe our town officials and Department Heads are doing a difficult job to the best of their ability with a lot of criticism and very little thanks. I have basically enjoyed being Bldg. Insp. for the last 2½ years, and would like at this time to express my sincere thanks to all who have helped me in my endeavor.

REPORT OF THE SEACOAST VISITING NURSE ASSOCIATION

During fiscal year July 1, 1979 to June 30, 1980, 1,171 calls were made to residents of North Hampton.

Nursing	1,048
Physical Therapy	102
Aide	21

It remains the policy of the Agency that no one is refused service because of inability to pay. Fees are scaled or care is provided on a no charge basis when necessary.

Currently 27 children are enrolled in our Well Child Clinic. Clinics are held twice a month and are staffed by a Pediatrician and a Pediatric Nurse Practitioner as well as Agency nurses. Children from birth to 6 years of age are seen on a regular schedule for physical examinations, immunizations, blood tests, counseling, developmental testing, vision and hearing screening, urine tests and lead screening. In addition, children between the ages of 3 and 6 are seen twice a year at our Dental Clinic by Dental Hygienists employed by the state. The children are referred to local dentists for treatment when necessary at no cost to the family. During the measles outbreak this past year, we worked with the local school nurse to up-date the immunization status of school children and assisted at her clinics.

This past May we moved to larger quarters at 35 Winnacunnet Road. This enabled us to provide a more private setting to counsel those people who come to our office for treatment or blood pressure checks during our working day.

Our staff consists of six full time R.N.'s, 4 part-time R.N.'s, 1 Physical Therapist, 1 full-time Aide, 1 full-time bookkeeper, and 1 part-time secretary. We also contract with the Area Homemaker/Home Health Aide Agency which enables us to provide aides and homemakers to the local residents when needed.

REPORT OF THE RECREATION COMMISSION, 1980

The Commission has two primary functions: administering and maintaining Dearborn Park and overseeing the Summer Recreation Program.

Improvements at the park included paving the driveway entrance and transplanting trees forming a windbreak alongside the tennis courts. Additional trees will be planted as part of an ongoing program to beautify the area.

The park is being used more each year providing a fine field for Youth Association softball and soccer as well as being available for general use by the public.

The Summer Recreation Program involved about 70 children primarily in the age group 8-13 years old. This program runs for six weeks, Monday-Friday, during morning hours providing much physical exercise and Arts and Crafts activities as well as some group trips. We have seen a decreased number of children involved in the program the last few years and while this probably is a reflection of the decreased student enrollment in the school, we would appreciate any suggestions you may have regarding the program.

REPORT OF THE NORTH HAMPTON MOSQUITO CONTROL COMMISSION, 1980

This years Mosquito Control Program had a slow start due to a new supervisor, licensing problems, and 2 new commission members. The state has a very slow licensing procedure which gave us a later start than planned on. Overall I think we had a very good year considering all of our early problems.

This years program consisted of a monitoring and treatment phase. The monitoring is a state requirement that gives us an idea of the adult mosquito populations. For this 2 light traps were set out Tuesday and Wednesday nights and left all night long. The next morning they are collected, frozen, and identified. By identifying the mosquitoes we can determine 2 things. The first is their breeding location, fresh or salt water. The second is if they are human biters or not. There are approximately 29 species of mosquitoes in New Hampshire of which 19 are human biters. In addition biting counts were taken Wednesday nights at 6 locations in town. I sat for 10 minutes at each location, counted, trapped, and identified each mosquito that bit me. Breeding sites were also watched constantly over the summer taking larvel drippings and identifying the samples taken. All of this allowed me to plan treatment schedules during the summer.

The treatment program was broken up into 2 parts, adulticiding and larviciding. The adulticiding was divided into 2 routes this year approximately 3 hours each and done from 6:30 - 11:30 depending on the weather and temperature. The chemical we use does not work below 65F and if it is too windy the chemical dissipates quickly and becomes useless. The reason we spray around dusk and the early part of the evening is that most of the mosquitoes are active at this time. The most important part of the treatment is the larviciding and 90% of this took place on the salt marshes. Daily inspection of the marshes and any place with pools of

standing water determined our treatment program. This is extremely important. If we can attack the problem at the source we can achieve a higher kill rate and visible results. Whereas the adulticiding (with the truck at night) is a very temporary control that only covers a limited area along the town roads.

I plan to come back next year as a supervisor, therefore we shouldn't have any licensing problems and I can get an earlier start. New fresh and salt water sites will be explored for possible breeding sites and dealt with accordingly. If anyone would like areas around their homes checked I will gladly look at them. If you have any questions or complaints please feel free to contact me at the town office (964-8087) or any of the commission members.

REPORT OF AUDITORS

Members of the School Board, North Hampton School District, North Hampton, New Hampshire

We have examined the financial statements of the various funds and group of accounts of the North Hampton School District for the fiscal year ended June 30, 1980, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As in the practice with many municipalities in the State, the North Hampton School District has not maintained a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the various funds and group of accounts of the North Hampton School District at June 30, 1980, and the results of operations and the changes in fund balances of such funds for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information and the column on the accompanying financial statements captioned "Totals, Memorandum Only" are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data. The supplemental information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements listed in the foregoing table of contents and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

SUPERINTENDENT'S REPORT

To the Citizens of North Hampton:

I submit herewith, my annual report for your School District.

A new staff member in a school is always cause for excitement, concern, and anticipation. When the new staff member is the educational leader of the school, there is cause for a great deal of excitement, concern, and anticipation.

A lot of time and effort was involved in selecting Miss Barbara Krysiak from an even one hundred candidates for your principalship. I believe your Board made a good selection. I too look forward to working with a new leadership style and new areas of emphasis.

At the same time I am thankful to Tom Burbank for his many years of service to North Hampton and wish him well in his new endeavor.

In the interim period between Mr. Burbank's leaving and Miss Krysiak's arriving, the entire staff responded to Mr. Wayne Elliot's leadership of the building in a positive manner. Although it was as expected, it is still appreciated.

A new phrase has caught my ear and I would like to use it in discussing you, your children, and the ensuing relationship. The phrase is "centering down."

"Centering down" to me means a placing of one's interest in a central focus, a separating of the important and the not so important, mentally reducing things to a discernible entity.

To "center down" in regard to our children is to me a putting into focus what we are here for. Children exist because we as parents want them. They are here because we have made a commitment.

The commitment may be listening to a first grader's chatter about what she had for lunch at school or it may be

standing in a cold wind watching a son playing soccer. For that time one is “centering down” on his youngster and in so doing is helping him develop toward one’s expectations.

I am often asked by a parent what can be done to help a student having trouble in reading. I am tempted to say the best moments to help have gone by. Sometime probably during the second year a bedtime ritual of reading should have been established. One hundred and one nights of reading the same Dr. Seuss episode may be tedious except for the knowledge that one is “centering down.”

Have you “centered down” by climbing into a tent formed by the kitchen chairs and an old blanket?

Have you “centered down” by agreeing to putting up with what goes with a puppy?

Have you “centered down” as a grandparent?

Nobody can “center down” for a child like a parent or a grandparent can. The school, the town recreation league, and the television are not poor substitutes in that they aren’t even substitutes.

The problem of time in “centering down” with offspring is compounded by the economy. To have a good paying job often means travel and a ten or eleven hour day. In many families to try to survive on one paycheck is unrealistic and a second family member has to be away from the nest. Not only is together time diminished but the spinoff effects of the working world such as frustration, anxiety, and guilt lead to the further separation of the family fiber.

An inflationary economy hurts us all. It is not a question of getting a raise to be able to enjoy a better standard of living. Rather it is a struggle with the grocery store, oil supplier, money lending institution and seemingly everyone else we have financial transactions with. We have to fight to maintain what we have. Few are able to do it.

I shudder when I price a textbook the same way you do every time you pull a box of cereal off the shelf in the supermarket. I am apprehensive about every electric bill for our schools. I peruse fuel oil bills with the same feeling of frustration I have when I pull up to a gasoline pump.

I wish I could tell you that your School District has found the answer, that here in North Hampton we are going to turn the economy of the country in a favorable direction.

Such is not to be. I will continue to spend a great deal of time with your Board members and your Principal and we can soften the impact but in the final analysis, the cost of operating the North Hampton Elementary School will be affected by the inflationary spiral.

Notwithstanding the above, it is a pleasure to be part of the process of educating your children. I appreciate the efforts of all of you who are also directly or indirectly involved.

Respectfully Submitted,

Richard C. Hamilton, Ed.D.
